### Did you miss the Obamacare deadline? We can help.

Even though 2017 Open Enrollment on NY State of Health, The Official Health Plan Marketplace, has ended, you can still get a health insurance plan if you've had a major life-changing event, called a **Qualifying Life Event (QLE)**.†

Examples of qualifying life events include:

- Job loss or change
- Marital status change (divorce, legal separation, marriage, annulment, death of spouse)
- Becoming pregnant
- A family size change, such as birth or adoption
- Becoming ineligible for Medicaid or Child Health Plus
- Expiration of COBRA
- Change of address
- And more!

Even if you haven't had a qualifying life event, we have health plans you may be eligible to enroll in **any time during the year**. Healthfirst offers plans with benefits such as:

- Low monthly premiums
- \$0 preventive care and wellness visits
- Dental and vision coverage
- Prescription drug coverage
- Emergency care
- 24/7 access to doctors through video chat or phone with Teladoc
- Up to \$400 in exercise rewards for individuals and covered spouses
- And more!

PLUS, you'll have access to:

- A large network of doctors and specialists at many of New York's top hospitals
- Healthfirst Help Centers throughout New York City and on Long Island
- Help in the language you speak. We can even come to your home to help you find a plan that's right for you.

Plans are offered by affiliates of Healthfirst, Inc. Plans contain exclusions and limitations.

†You must apply within 60 days of a Qualifying Life Event.

Some copay, premium, and additional costs may apply, based on income and plan type.

You must be enrolled in a Healthfirst Platinum, Gold, Silver, or Bronze Leaf Premier Plan. Telemedicine isn't a replacement for your Primary Care Provider (PCP). Your PCP should always be your first choice for care and for regular visits.
